Instruction For Installation:

- Step 1: Please make sure that top level of the frame is matching field - surface.
- Step 2: Prepare a concrete bed according to height of the frame.
- Step 3: After fixing a frame in concrete bed, please follow it for 48hrs at least to set before using it.
- Step 4: Frame is not designed to bare a load; hence it should be supported from all sides.

*product warranty is subjected to process of installation and up to rated load capacity and according to company policy.
